

**City of Fremont/EBRPD
LIAISON COMMITTEE MEETING**
Thursday, June 9, 2022
5:00 p.m.

AGENDA SUMMARY

Recreation Programs at the Ardenwood Historic Farm

City staff will provide an update of recreation programs at the Ardenwood Historic Farm.

Ardenwood Historic Farm Update

EBRPD staff will propose the construction of a steel barn to facilitate the safe handling of organic produce grown at Ardenwood Historic Farm by Dig Deep Farms, the farming lease holder. Dig Deep Farms is a program of the Alameda County Deputy Sheriffs' Activities League (DSAL). It grows and distributes healthy food to low-income residents of Alameda County with the goal of providing daily relief for those experiencing food insecurity.

The barn will include a cold storage facility, the workspace necessary for safe, clean, and healthy food production, and a storage unit. It will be located within the Farming Service Yard. The project complies with Ardenwood's Land Use Plan.
